ALLOTMENT OF D-TYPE HOUSE NHS KARSAZ SITE (PHASE-II) KARACHI

Reference:

A. NHQ letter NHS/0142/13/2288 dated 01 January 2013 (NOTAL).

1. A ballot of D-Type houses was held at Naval Headquarters Islamabad on 31st December 2012. You have been allotted House No. D-139, NHS KARSAZ Site (Ph-II), Karachi against your Membership No. 1939-L/95/87/D.

2. The construction and terminal payment state is as under:

a. **State of Construction:** The construction work of balloted house is complete and provisioning of utilities is at final stage. At this stage you are requested to refrain from interfering in contractor's work for smooth and timely handing over of house.

b. **State of Dues/Payments:** Detail of dues/payments to be made before taking possession of house or by 31st July 2013 in favour of "NHS Construction Account KARSAZ (ASDA 23-1)" is enclosed as Annex 'A'. However in order to mitigate financial hard ship, members/allottees may deposit construction/development cost of house in parts as follows:

(1) Part payment (i.e Construction Cost) Rs.5,375,000/00 and Surcharges if any, before taking over possession.

(2) Balance payment of Rs.1,000,000/00 in 5 equal installments on quarterly basis @Rs.200,000/00 per quarter.

(3) Allottees, wishing to make full payment may do so and have the house leased/transferred to their names. The facility of paying residual cost of Rs.1,000,000/00 is available on following terms & conditions:

(a) Only possession of the house to allottee will be made on part payment of Rs. 5375,000/00 plus applicable surcharge in each individual case, without transfer of title.

(b) Allotment letter will not be processed/issued unless all dues are cleared by the individual.

(c) Dues clearance would be mandatory for allottees processing NOC for sale/purchase and leasing of the houses.

c. In case of default in payment of quarterly installments surcharge will be levied @10% per annum as per existing NHS policy.

d. SO (Accounts) NHS may issue 'Provisional Dues Clearance Certificate' for the purpose of taking possession by the allottee where facility of part payment has been availed by the allottee officer.

3. **Terms & Conditions:**

a. On clearance of full dues the allottee will be entitled for proprietary rights of superstructure of the house only on signing of schedule IX-B (Lease Deed) with NHS Directorate, duly endorsed by the MEO within two years from the date of taking over of house. Penalty @Rs.20/- per Sq Yds p.a. will be charged after two years.

b. The house on its occupation/possession shall not be sold, mortgaged, transferred or handed over by the allottee to anyone whatsoever in any manner whatsoever, including a Power of attorney, except by first obtaining permission in writing from the NHS Directorate.

c. The house can only be rented out after obtaining NOC from NHS Dte through Residents Management Committee.

4. Receipt of this letter may please be acknowledged.

Terms and Conditions

GENERAL INFORMATION AND KEY TERMS:

All references to "Schwab" in this document refer to the broker-dealer Charles Schwab & Co., Inc. Unless otherwise defined herein, capitalized terms have the same meanings as in your Account Agreement. If you receive any other communication from any source other than Schwab which purports to represent your holdings you should verify its content with this statement. Securities, products, and services are not available in all countries and are subject to country specific restrictions.

Cash: Any Free Credit Balance owed by us to you payable upon demand which, although accounted for on our books of record, is not segregated and may be used in the conduct of this firm's business.

Fees and Charges: It is your responsibility, and not Schwab's, to verify the accuracy of all fees.

Latest Price/Price (Investment Detail Section Only): The most recent price evaluation available on the last business day of the statement period, normally the last trade price or bid. Unpriced securities denote that no market evaluation update is currently available. Price evaluations are obtained from outside parties. Schwab shall have no responsibility for the accuracy or timeliness of any such valuations. Pricing of assets not held at Schwab is for informational purposes only. Some securities, especially thinly traded equities in the OTC market or foreign markets, may not report the most current price and are indicated as Stale Priced. For Limited Partnerships(LP) and Real Estate Investment Trust (REIT) securities, you may see that the value reflected on your periodic statement for this security is unpriced. FINRA rules require that certain LP and REIT securities, that have not been priced within 18 months, must show as unpriced on customer statements. Note that these securities are generally illiquid, the value of the securities will be different than its purchase price; if applicable, that accurate valuation information may not be available.

Dividend Reinvestment Customers: Dividend reinvestment transactions were effected by Schwab acting as a principal for its own account, except for the reinvestment of Schwab dividends, for which an independent broker-dealer acted as the buying agent. Further information on these transactions will be furnished upon written request.

Non-Publicly Traded Securities: All assets shown on this statement, other than certain direct investments which may be held by a third party, are held in your Account. Values of certain Non-Publicly Traded Securities may be furnished by a third party and Schwab shall have no responsibility for the accuracy or timeliness of such valuations. The Securities Investor Protection Corporation (SIPC) does not cover many limited partnership interests. Securities Products and Services: Securities products and services are offered by Charles Schwab & Co., Inc., Member SIPC. Securities products and services, including unswept intraday funds and net credit balances held in brokerage accounts are not guaranteed deposits or obligations of Charles Schwab Bank, and are subject to investment risk, are not FDIC insured, may lose value, and are not bank guaranteed. SIPC does not cover balances held at Charles Schwab Bank in the Bank Sweep feature.

Gain (or Loss): This information is not a solicitation or a recommendation to buy or sell. It may, however, be helpful for investment and tax planning strategies. Schwab does not provide tax advice and encourages you to consult with your tax professional. Please view the Cost Basis Disclosure Statement for additional information on how gain (or loss) is calculated and how Schwab reports adjusted cost basis information to the IRS.

IN CASE OF ERRORS OR DISCREPANCIES: If you find an error or discrepancy relating to your brokerage activity (other than an electronic fund transfer) you must notify us promptly, but no later than 10 days after this statement is sent or made available to you. If this statement shows that we have mailed or delivered security certificate(s) that you have not received, notify Schwab immediately. You may call us at 800-654-2593. (Outside the U.S., call +1-602-355-3408.) Any oral communications should be reconfirmed in writing to further protect your rights, including rights under the Securities Investor Protection Act (SIPA). If you do not so notify us, you agree that the statement activity and Account balance are correct for all purposes with respect to those brokerage transactions.

COMPLAINT CONTACT INFORMATION: Complaints about Schwab statements, products or services may be directed to 1-800-654-2593. For clients residing outside of the U.S., call collect +1-602-355-3408. Please send any written complaints to the Client Advocacy Team, 211 Main St., San Francisco, CA 94105, USA.

Address Changes: It is your obligation to keep Schwab informed of any changes in your address, telephone number or other contact information. If you fail to notify Schwab of those changes, you may not receive important notifications about your Account, and trading or other restrictions might be placed on your Account. For assistance, you may contact Schwab at 1-800-654-2593. Clients residing outside of the U.S. may call Schwab collect at +1-602-355-3408

Securities Products and Services: Securities products and services are offered by Charles Schwab & Co., Inc., Member SIPC. Securities products and services, including unswept intraday funds and net credit balances held in brokerage accounts are not deposits or other obligations of, or guaranteed by, any bank, are not FDIC insured, and are subject to investment risk and may lose value. SIPC does not cover balances held at banks affiliated with Schwab in the Bank Sweep and Bank Sweep for Benefit Plans features.

Additional Information: We are required by law to report to the Internal Revenue Service adjusted cost basis information (if applicable) certain payments to you and credits to your Account during the calendar year. Notes/Legal Notes

Notes

1. Stock exchange transactions generally settle on the trade date plus one business day (T+1). Options, futures and US open-end mutual fund transactions also settle on trade date plus one business day. Some exchanges and other transaction types may have longer or shorter settlement periods. Ending settled cash reflects the cash that has actually settled.
2. Initial and maintenance margin requirements are available within the Account Window of the Trader Workstation.
3. Quantities preceded by a "-" sign indicate sell transactions. Other transactions are purchases.
4. IB acts as agent in executing the fractional share portion of your order. In certain circumstances, IB routes the fractional portion of your order to an affiliate, which may execute the fractional portion of the order as principal. In such circumstances, this is indicated by the codes associated with the trade. If an IB affiliate acts as principal in executing any fractional share portion of your order, the order will be executed at the price displayed for the opposite side of the NBBO from your order (the offer if you are buying and the bid if you are selling) at the time of execution. If an IB affiliate is acting as riskless principal in connection with filling the fractional share portion of your order, the affiliate will execute the fractional share portion of your order at the price it receives for the execution of the whole share.
5. In case of partial executions, commissions are charged on the total quantity executed on the original order. The commission is displayed on the first partial execution only.
6. Trade execution times are displayed in Eastern Time.
7. Applicable regulatory fees for your transactions are available on the IB website at www.interactivebrokers.com/en/accounts/fees/exchangeAndRegulatoryFees.php.
8. Borrow Fee Rate represents the cost to borrow stock expressed in percent per annum. It is applied to the collateral value on the stock borrow contract and is separate from any interest earned on credit cash balances. Similarly, Loan Fee Rate represents the benefit to lend stock. A positive rate indicates a cost to the borrower/benefit to the lender and a negative rate indicates a benefit to the borrower/cost to the lender. In general, the fee rates for hard-to-borrow stocks are higher than for normal availability stocks.
9. Interest Rate on Customer Collateral represents the interest paid on the collateral posted to the customer's account and received from lending stock. A positive rate indicates a benefit to the lender.
10. The closing prices on this Activity Statement are indicative and may come from third-party sources. Interactive Brokers does not warrant the accuracy of the prices provided by third-party sources. Due to time zone differences, certain non-US mutual funds may deliver closing prices after the Activity Statement has been produced and the closing prices for such funds will reflect the previous day's price.
11. All Market Data and Research services are provided through Global Financial Information Services (GmbH).
12. Market data is provided by Global Financial Information Services (GmbH). Your local broker collects amounts owed for fees and tax for such data on behalf of Global Financial Information Services (GmbH). Note, you are responsible for any applicable taxes relating to the provision of these services.
13. Please note that the "cost" of a security position refers to its "book cost" which means, in the case of a long security position, the total amount paid for the security, including any transaction charges related to the purchase and in the case of a short security position, the total amount received for the security, net of any transaction charges related to the sale, adjusted for distributions (other than dividends for short security position), returns of capital and corporate actions. In the case of securities transferred in, "cost" may in some instances refer to the market value of the security position as at the date of transfer and in such cases, market value information will be used to estimate part or all of the book cost of the relevant security position unless IBC reasonably believes it cannot determine the book cost of such security position. Accordingly, the stated cost may not be appropriate for account performance or tax reporting purposes.
14. RUB denotes Ruble balances that have been restricted by Russian authorities.

Fixed Income Notes

1. Call features for bonds or preferred stocks may affect the yield. For zero coupon, compound interest and multiplier securities, there are no periodic payments and securities may be callable below maturity value without notice to holder unless registered. For asset-backed securities, the actual yield may vary depending on the speed at which the underlying note is pre-paid. For additional information regarding bond yield, please contact the IB Help Desk at: ibkr.com/help. If this debt security is unrated by a nationally recognized statistical rating organization, it may pose a high risk of default. You should consult an independent advisor to determine whether unrated bonds are appropriate for your portfolio in light of your goals and your financial circumstances. Fees charged by bond trading centers are included in the cost of bond transactions.

¹Combined in CAD

U.S. dollar amounts are totalled in Canadian dollars where applicable using the current month FX rate.

²Change in balance

Determined using the following formula:
A – B – C + D
A = the market value of all cash and securities at the end of the period (e.g. current month, YTD, 2012, or since opened).
B = the market value of all cash and securities at the beginning of the period (e.g. current month, YTD, 2012, or since opened).
C = the market value of all deposits and transfers-in of cash and securities.
D = the market value of all withdrawals and transfers-out of cash and securities.

	CURRENT MONTH	3 MONTHS	6 MONTHS	YEAR TO DATE	SINCE OPENED
Money-weighted total return ²	(3.8)	(14.8)	(18.4)	(17.1)	(19.9)

¹Combined in CAD: U.S. dollar amounts are totalled in Canadian dollars where applicable.

²Money-weighted total return: Tracks all elements affecting your account performance over a specified period of time, expressed as a percentage. Includes cash movements (i.e. deposits/withdrawals and transfers in/out), as well as the total percentage return on your investments, net of charges.

How cash movements are calculated in your return:

- Cash inflows and outflows for all periods are based on the net change in cash as of the middle of each month.

How total percentage return on your investments is calculated:

- The cumulative realized and unrealized capital gains and losses of an investment, plus income from the investment over a period of time, expressed as a percentage.

A dash (-) indicates that the money-weighted total return could not be calculated or was not calculated because the initial deposit was in the middle of the period.

Note: investment return uses a money-weighted total return calculation. In some instances, underlying values may not be correct. Please cross reference these calculations with your records to ensure accuracy.
When securities are included and the market value was undetermined, these securities are assigned a \$0 value for calculation purposes only.

For your information

Transactions this month

Transactions are displayed in chronological order. Opening and month-end balances are also shown. Transactions that settle after the date of this statement are excluded from your positions.

Transactions that have been settled at a price that is less than one tenth of one cent will be shown as having a price of - on your statement. The gross and net amounts will still show the full value of the transaction.

Security positions

Quantities listed as "shorted" indicate securities which are currently due from you. The "market value" of an exchange listed security is obtained from sources we believe to be reliable, but we do not guarantee the accuracy. For securities not listed on an exchange, or those that are traded infrequently, the value given is an estimate which may not reflect the actual price at which the security can be purchased or sold. When there is no data to indicate an estimated value, the security is priced as zero. "Segregated securities" are securities held in your account either registered in your name (SFK) or in bearer form (SEG).

Any free credit balances represent funds payable on demand which, although properly recorded in our books, are not segregated and may be used in the conduct of our business.

All plan accounts are registered with the Canada Revenue Agency for Questrade, Inc., agent for CIBC Trust Corporation or for Community Trust Company.

Shareholders communications (CSA National instrument 54-101) – Your instructions may be modified at any time by providing us with written notice.

The client agrees that notices made available online in our client website or sent to his/her designated email address shall be deemed received.

Price disclosure

Regarding activities that involved more than one transaction on the same security on the same side or transactions that took place on more than one marketplace, the information may be displayed on your statement in the aggregate. Details concerning the transaction will be provided upon request and without additional charge.

How total percentage return on your investments is calculated:

- The cumulative realized and unrealized capital gains and losses of an investment, plus income from the investment over a period of time, expressed as a percentage.

A dash (-) indicates that the money-weighted total return could not be calculated or was not calculated because the initial deposit was in the middle of the period.

Note: investment return uses a money-weighted total return calculation. In some instances, underlying values may not be correct. Please cross reference these calculations with your records to ensure accuracy.

When securities are included and the market value was undetermined, these securities are assigned a \$0 value for calculation purposes only.

Transactions this month

Transactions are displayed in chronological order. Opening and month-end balances are also shown. Transactions that settle after the date of this statement are excluded from your positions.

Transactions that have been settled at a price that is less than one tenth of one cent will be shown as having a price of - on your statement. The gross and net amounts will still show the full value of the transaction.

Security positions

Quantities listed as "shorted" indicate securities which are currently due from you. The "market value" of an exchange listed security is obtained from sources we believe to be reliable, but we do not guarantee the accuracy. For securities not listed on an exchange, or those that are traded infrequently, the value given is an estimate which may not reflect the actual price at which the security can be purchased or sold. When there is no data to indicate an estimated value, the security is priced as zero. "Segregated securities" are securities held in your account either registered in your name (SFK) or in bearer form (SEG).

Any free credit balances represent funds payable on demand which, although properly recorded in our books, are not segregated and may be used in the conduct of our business.

All plan accounts are registered with the Canada Revenue Agency for Questrade, Inc., agent for CIBC Trust Corporation or for Community Trust Company.

²Change in balance

Determined using the following formula:
A – B – C + D
A = the market value of all cash and securities at the end of the period (e.g. current month, YTD, 2012, or since opened).
B = the market value of all cash and securities at the beginning of the period (e.g. current month, YTD, 2012, or since opened).
C = the market value of all deposits and transfers-in of cash and securities.
D = the market value of all withdrawals and transfers-out of cash and securities.

²Money-weighted total return: Tracks all elements affecting your account performance over a specified period of time, expressed as a percentage. Includes cash movements (i.e. deposits/withdrawals and transfers in/out), as well as the total percentage return on your investments, net of charges.

How cash movements are calculated in your return:

- Cash inflows and outflows for all periods are based on the net change in cash as of the middle of each month.

How total percentage return on your investments is calculated:

- The cumulative realized and unrealized capital gains and losses of an investment, plus income from the investment over a period of time, expressed as a percentage.

A dash (-) indicates that the money-weighted total return could not be calculated or was not calculated because the initial deposit was in the middle of the period.

Note: investment return uses a money-weighted total return calculation. In some instances, underlying values may not be correct. Please cross reference these calculations with your records to ensure accuracy.

Transactions this month

Transactions are displayed in chronological order. Opening and month-end balances are also shown. Transactions that settle after the date of this statement are excluded from your positions.

Transactions that have been settled at a price that is less than one tenth of one cent will be shown as having a price of - on your statement. The gross and net amounts will still show the full value of the transaction.

Security positions

Quantities listed as "shorted" indicate securities which are currently due from you. The "market value" of an exchange listed security is obtained from sources we believe to be reliable, but we do not guarantee the accuracy. For securities not listed on an exchange, or those that are traded infrequently, the value given is an estimate which may not reflect the actual price at which the security can be purchased or sold. When there is no data to indicate an estimated value, the security is priced as zero. "Segregated securities" are securities held in your account either registered in your name (SFK) or in bearer form (SEG).

Any free credit balances represent funds payable on demand which, although properly recorded in our books, are not segregated and may be used in the conduct of our business.

All plan accounts are registered with the Canada Revenue Agency for Questrade, Inc., agent for CIBC Trust Corporation or for Community Trust Company.

Shareholders communications (CSA National instrument 54-101) – Your instructions may be modified at any time by providing us with written notice.

The client agrees that notices made available online in our client website or sent to his/her designated email address shall be deemed received.

Price disclosure

Regarding activities that involved more than one transaction on the same security on the same side or transactions that took place on more than one marketplace, the information may be displayed on your statement in the aggregate. Details concerning the transaction will be provided upon request and without additional charge.

Closing balance	50,803.34	50,803.34	54,158.01	50,803.34

¹Combined in CAD

U.S. dollar amounts are totalled in Canadian dollars where applicable using the current month FX rate.

²Change in balance

Determined using the following formula:

$A = B - C + D$

A = the market value of all cash and securities at the end of the period (e.g. current month, YTD, 2012, or since opened).

B = the market value of all cash and securities at the beginning of the period (e.g. current month, YTD, 2012, or since opened).

C = the market value of all deposits and transfers-in of cash and securities.

D = the market value of all withdrawals and transfers-out of cash and securities.

Combined in (CAD)¹

	CURRENT MONTH	3 MONTHS	6 MONTHS	YEAR TO DATE	ONE YEAR	3 YEARS	SINCE OPENED
Money-weighted total return ²	13.3	1.2	(2.1)	(6.2)	1.7	2.0	0.7

¹Combined in CAD: U.S. dollar amounts are totalled in Canadian dollars where applicable.

²Money-weighted total return: Tracks all elements affecting your account performance over a specified period of time, expressed as a percentage. Includes cash movements (i.e. deposits/withdrawals and transfers in/out), as well as the total percentage return on your investments, net of charges.

How cash movements are calculated in your return:

- Cash inflows and outflows for all periods are based on the net change in cash as of the middle of each month.

How total percentage return on your investments is calculated:

- The cumulative realized and unrealized capital gains and losses of an investment, plus income from the investment over a period of time, expressed as a percentage.

A dash (-) indicates that the money-weighted total return could not be calculated or was not calculated because the initial deposit was in the middle of the period.

Note: investment return uses a money-weighted total return calculation. In some instances, underlying values may not be correct. Please cross reference these calculations with your records to ensure accuracy.
When securities are included and the market value was undetermined, these securities are assigned a \$0 value for calculation purposes only.

For your information

Transactions this month

Transactions are displayed in chronological order. Opening and month-end balances are also shown. Transactions that settle after the date of this statement are excluded from your positions.

Transactions that have been settled at a price that is less than one tenth of one cent will be shown as having a price of - on your statement. The gross and net amounts will still show the full value of the transaction.

Security positions

Quantities listed as "shorted" indicate securities which are currently due from you. The "market value" of an exchange listed security is obtained from sources we believe to be reliable, but we do not guarantee the accuracy. For securities not listed on an exchange, or those that are traded infrequently, the value given is an estimate which may not reflect the actual price at which the security can be purchased or sold. When there is no data to indicate an estimated value, the security is priced as zero. "Segregated securities" are securities held in your account either registered in your name (SFK) or in bearer form (SEG).

Any free credit balances represent funds payable on demand which, although properly recorded in our books, are not segregated and may be used in the conduct of our business.

All plan accounts are registered with the Canada Revenue Agency for Questrade, Inc., agent for CIBC Trust Corporation or for Community Trust Company.

Shareholders communications (CSA National instrument 54-101) – Your instructions may be modified at any time by providing us with written notice.

The client agrees that notices made available online in our client website or sent to his/her designated email address shall be deemed received.

Price disclosure

Regarding activities that involved more than one transaction on the same security on the same side or transactions that took place on more than one marketplace, the information may be displayed on your statement in the aggregate. Details concerning the transaction will be provided upon request and without additional charge.

¹Combined in CAD

U.S. dollar amounts are totalled in Canadian dollars where applicable using the current month FX rate.

²Change in balance

Determined using the following formula:
A – B – C + D
A = the market value of all cash and securities at the end of the period (e.g. current month, YTD, 2012, or since opened).
B = the market value of all cash and securities at the beginning of the period (e.g. current month, YTD, 2012, or since opened).
C = the market value of all deposits and transfers-in of cash and securities.
D = the market value of all withdrawals and transfers-out of cash and securities.

Money-weighted total return ²	(2.3)	(8.6)	8.0	(2.2)	22.1	19.4	16.1

¹Combined in CAD: U.S. dollar amounts are totalled in Canadian dollars where applicable.

²Money-weighted total return: Tracks all elements affecting your account performance over a specified period of time, expressed as a percentage. Includes cash movements (i.e. deposits/withdrawals and transfers in/out), as well as the total percentage return on your investments, net of charges.

How cash movements are calculated in your return:

- Cash inflows and outflows for all periods are based on the net change in cash as of the middle of each month.

How total percentage return on your investments is calculated:

- The cumulative realized and unrealized capital gains and losses of an investment, plus income from the investment over a period of time, expressed as a percentage.

A dash (-) indicates that the money-weighted total return could not be calculated or was not calculated because the initial deposit was in the middle of the period.

Note: investment return uses a money-weighted total return calculation. In some instances, underlying values may not be correct. Please cross reference these calculations with your records to ensure accuracy.

When securities are included and the market value was undetermined, these securities are assigned a \$0 value for calculation purposes only.

Transactions this month

Transactions are displayed in chronological order. Opening and month-end balances are also shown. Transactions that settle after the date of this statement are excluded from your positions.

Transactions that have been settled at a price that is less than one tenth of one cent will be shown as having a price of - on your statement. The gross and net amounts will still show the full value of the transaction.

Security positions

Quantities listed as "shorted" indicate securities which are currently due from you. The "market value" of an exchange listed security is obtained from sources we believe to be reliable, but we do not guarantee the accuracy. For securities not listed on an exchange, or those that are traded infrequently, the value given is an estimate which may not reflect the actual price at which the security can be purchased or sold. When there is no data to indicate an estimated value, the security is priced as zero. "Segregated securities" are securities held in your account either registered in your name (SFK) or in bearer form (SEG).

Any free credit balances represent funds payable on demand which, although properly recorded in our books, are not segregated and may be used in the conduct of our business.

All plan accounts are registered with the Canada Revenue Agency for Questrade, Inc., agent for CIBC Trust Corporation or for Community Trust Company.

Shareholders communications (CSA National instrument 54-101) – Your instructions may be modified at any time by providing us with written notice.

The client agrees that notices made available online in our client website or sent to his/her designated email address shall be deemed received.

Price disclosure

Regarding activities that involved more than one transaction on the same security on the same side or transactions that took place on more than one marketplace, the information may be displayed on your statement in the aggregate. Details concerning the transaction will be provided upon request and without additional charge.

¹Combined in CAD

U.S. dollar amounts are totalled in Canadian dollars where applicable using the current month FX rate.

²Change in balance

Determined using the following formula:

$A = B - C + D$

A = the market value of all cash and securities at the end of the period (e.g. current month, YTD, 2012, or since opened).

B = the market value of all cash and securities at the beginning of the period (e.g. current month, YTD, 2012, or since opened).

C = the market value of all deposits and transfers-in of cash and securities.

D = the market value of all withdrawals and transfers-out of cash and securities.

Money-weighted total return ²	4.7	(3.0)	6.8	2.3	26.9	24.3	19.7

¹Combined in CAD: U.S. dollar amounts are totalled in Canadian dollars where applicable.

²Money-weighted total return: Tracks all elements affecting your account performance over a specified period of time, expressed as a percentage. Includes cash movements (i.e. deposits/withdrawals and transfers in/out), as well as the total percentage return on your investments, net of charges.

How cash movements are calculated in your return:

- Cash inflows and outflows for all periods are based on the net change in cash as of the middle of each month.

How total percentage return on your investments is calculated:

- The cumulative realized and unrealized capital gains and losses of an investment, plus income from the investment over a period of time, expressed as a percentage.

A dash (-) indicates that the money-weighted total return could not be calculated or was not calculated because the initial deposit was in the middle of the period.

Note: investment return uses a money-weighted total return calculation. In some instances, underlying values may not be correct. Please cross reference these calculations with your records to ensure accuracy.

When securities are included and the market value was undetermined, these securities are assigned a \$0 value for calculation purposes only.

For your information

Transactions this month

Transactions are displayed in chronological order. Opening and month-end balances are also shown. Transactions that settle after the date of this statement are excluded from your positions.

Transactions that have been settled at a price that is less than one tenth of one cent will be shown as having a price of - on your statement. The gross and net amounts will still show the full value of the transaction.

Security positions

Quantities listed as "shorted" indicate securities which are currently due from you. The "market value" of an exchange listed security is obtained from sources we believe to be reliable, but we do not guarantee the accuracy. For securities not listed on an exchange, or those that are traded infrequently, the value given is an estimate which may not reflect the actual price at which the security can be purchased or sold. When there is no data to indicate an estimated value, the security is priced as zero. "Segregated securities" are securities held in your account either registered in your name (SFK) or in bearer form (SEG).

Any free credit balances represent funds payable on demand which, although properly recorded in our books, are not segregated and may be used in the conduct of our business.

All plan accounts are registered with the Canada Revenue Agency for Questrade, Inc., agent for CIBC Trust Corporation or for Community Trust Company.

Shareholders communications (CSA National instrument 54-101) – Your instructions may be modified at any time by providing us with written notice.

The client agrees that notices made available online in our client website or sent to his/her designated email address shall be deemed received.

Price disclosure

Regarding activities that involved more than one transaction on the same security on the same side or transactions that took place on more than one marketplace, the information may be displayed on your statement in the aggregate. Details concerning the transaction will be provided upon request and without additional charge.
